

History of Project Help

Project Help was started in 1989 by the Steuben County Ministerial Association in order to better serve the under-resourced in our area and to avoid duplication of services between churches and other agencies.

Locations of the ministry:

1989	front porch of a home
1990	a room at the Red Cross building
1991 - 1998	old quonset hut behind the Angola Methodist Church and across from the City Police building
1998 - 2009	600 N Williams, Angola, where Turning Point Homeless Shelter is now
Present	711 E Harcourt Road, Angola

We are governed by a five member Board of Directors.
